

Northern Funds

CALIFORNIA MUNICIPAL
MONEY MARKET FUND

FUND OBJECTIVE

The Fund seeks to provide, to the extent consistent with the preservation of capital and prescribed portfolio standards, a high level of income exempt from regular federal income tax and California state personal income tax.

FUND FACTS

Inception Date: November 29, 1994

Ticker Symbol: NOCXX

Cusip: 665162814

Gross Expense Ratio: 0.49%

Net Expense Ratio: 0.45%¹

Dividend Payment Schedule: Monthly

Benchmark: iMoneyNet Fund Average™ – California State Specific Retail

FUND CHARACTERISTICS

Total Net Assets: \$815 million

Number of Holdings: 113

7-Day Current Yield: 0.04%

7-Day Effective Yield: 0.04%

Tax-Equivalent 7-Day Yield: 0.07%²

Average Maturity: 4 days

FUND FEATURES

- Concentrate on income that is generally exempt from regular federal income tax and California state tax.
- The Fund may be attractive for investors in higher tax brackets as the Fund's taxable equivalent yield may exceed the yields of taxable funds.
- Generally refrain from purchasing alternative minimum tax (AMT) obligations; however, it may invest in them modestly under certain market conditions.
- Seek to maintain an average maturity range of 20 to 60 days; this conservative range may help avoid excessive yield volatility and unnecessary risk.

Performance quoted represents past performance and does not guarantee future results. Investment return and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than that shown here. Performance data current to the most recent month end is available at northernfunds.com or by calling 800-595-9111.

The Advisor has agreed to reimburse certain expenses of the Fund. The contractual reimbursement arrangement is expected to continue until at least July 31, 2011. After this date, the contractual arrangements may be terminated if it is determined to be in the best interest of the Fund and its shareholders. In the absence of fee waivers, yield, total return, growth since inception and dividends would have been reduced. Total return is based on net change in NAV assuming reinvestment of distributions. The 7-day current yield more closely reflects the current earnings of the Fund than the total returns. The Fund also includes voluntary fee waivers that may change or end at any time. The 7-day current yield would have been -0.41%.

Money Market Risk: An investment in the Fund is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it is possible to lose money by investing in the Fund.

Tax-Free/AMT Risk: Tax-exempt funds' income may be subject to certain state and local taxes and, depending on your tax status, the federal alternative minimum tax.

Regional Investment Risk: The geographical concentration of portfolio holdings in this Fund may involve increased risk.

¹ The Net Expense Ratio, as reported in the most recent prospectus, includes contractual expense reimbursements that, if not extended, will end on July 31, 2011. The Fund also includes voluntary fee waivers that may change or end at any time.

² Tax-equivalent yields are based on an assumed tax rate of 41.0% for California.

A Conservative Investment Approach

Northern Trust has built a tradition of strength and stability in investment management. Markets fluctuate over time, but we have remained steadfast in our disciplined, risk-managed investment philosophy.

³ iMoneyNet Fund Average™ – California State Specific Retail category consists of only retail state tax-free municipal money funds. The category average is the average of all funds in this category reported by iMoneyNet. It is not possible to invest directly in an index.

Please carefully read the prospectus and summary prospectus and consider the investment objectives, risks, charges and expenses of Northern Funds before investing. Call 800-595-9111 to obtain a prospectus and summary prospectus, which contain this and other information about the funds.
